Report Out and Discuss 2014 Goal

Goal Area	GAS Score	What Influenced Our Accomplishments?	What were Barriers to our Work?
Goal Area 1: Increasing Knowledge About ASD and EBPs in our Community	+2	Use of CAPTAIN resources, parent trainings and support groups, connection to Autism Society	logistics for conference, managing money, getting a site to hold conference, environmental barriers
<i>Goal Area 2: Increase implementation and fidelity of use of the identified EBPs by providers and implementers</i>	+1	Required new hire teacher training on EBPs, coaching module from NPDC, access to PRT certificate training, use of post data to demonstrate success	difficult to use implementation checklists with professional peers without appearing to be evaluating; concerns with unions and employment decisions
<i>Goal Area 3: Improve and increase collaboration between the various agencies serving and supporting individuals with ASD</i>	0		remembering to upload and access dropbox, not able to have representation from RC

Brainstorm on New Projects and Collaborations

How can our organizations work together on training for staff and families (e.g. regional EBP conference, cross training for new staff, training for CACs or boards, developing/establishing demonstration sites within our region, planning a make and take for families or new teachers, creating a regional CAPTAIN brochure, social media sites, conducting a collaborative parent training)?

Provide annual conference, offer CEUs?, possibly accessing Diagnostic Center South for support, conference to have a social skills theme

How can our organizations work together to provide training and updates to each other on relevant policy and practice changes that impact services to those with ASD (quarterly meetings, listserve/newsletter, hot topics presentation at quarterly mtg)?

look into PEERS trainer of trainers within the region, look into fund raising to support cost of certification, possibility of bringing PEERS trainer into conference

How can our Regional CAPTAIN Chapter connect with other agencies in our area that need to become a part of this network (e.g. Higher Ed., Vendors/Providers, Local Support and Advocacy Groups)?

reach out to Healthy Development Services, meetings with junior colleges and collaboration in transition, developmental disabilities provider network to meet with regularly, interagency early start and preschool committee, meeting with mental health providers, presenting to SELPA CACs

What project, conference or product could our regional team develop (EBP conference, brochure, table at Autism Walk, CAPTAIN Newsletter, etc)?

Conference focusing on EBPs related to social skills.
