

Goal Area	GAS Score (1-4)	What influenced our accomplishments?	What were <i>barriers</i> to our work?
<p>1. Increase knowledge about ASD and EBPs in our community: Both conferences result in increased levels of knowledge.</p>	0	<p>We did maintain our baseline, and had much of the planning for a GAS score of 1 completed prior to the pandemic.</p>	<p>Covid 19 Pandemic cancelled a lot of the events which were indicative of a higher GAS score.</p>
<p>2. Increase implementation and fidelity of use of the identified EBPs by providers and implementers: Provide coaching related to the high-need and provide tools (e.g., implementation/fidelity).</p>	2	<p>Coaching efforts increased, as did the knowledge of which checklists and implementation tools to utilize.</p>	<p>Covid 19 Pandemic made coaching support be more cumbersome and less of a priority for many coachees.</p>
<p>3. Improve and increase collaboration: Provide presentation to at least one of above agencies on CAPTAIN (can use PP on CAPTAIN website, can be customized).</p>	2	<p>Established community connections which have been built up over the years brought CAPTAIN cadre members to the table at more community agencies than in previous years.</p>	<p>Covid 19 pandemic cancelled events, and many community groups prioritized their staff time differently as a result.</p>
