Goal Area 2 (Dissemination): How can members of our regional network strategically disseminate to groups identified by the region as needing to know about autism and EBPs/CAPTAIN

Current Level of Performance Data (0)

Currently, our 805 Cadre does not have a systematic manner of disseminating autism information to communities outside of special education (i.e., mental health, law enforcement, adults services, general education staff).

Initial Objective (1)

Regional Cadre (schools, regional centers, family support and higher ed) in each County will identify a meeting time to coordinate and collaborate steps for goal area 2.

Secondary Objective (2)

Have conversation with a lead person in a agency outside of special education to set up an information session.

Expected level of Outcome (3)

Deliver information session to at least 1 community partner agency/group (i.e., mental health, adult agencies, general education staff, general education teaching credential students, law enforcement, transportation) per county.

Exceeds Expected Outcome (4)

Deliver information session to at least 5 community partner agencies/groups (i.e., mental health, adult agencies, general education staff, general education teaching credential students, law enforcement, transportation) across our entire 805 Region.
